Art Unit: 2671

1. Claims 1-20 are objected to because of the following informalities: In claim 1, "(1)" (line 1), "(2)" (lines 4, 6, 10), "(2A)" (line 11), and "(2B)" (line 13) as well as "(4A)" (line 19) and "(4B)" (line 22) are not necessary and redundant. Similarly, the similar object should be applied for the remaining claims. Appropriate correction is required.

2. The following is a statement of reasons for the indication of allowable subject matter of the pending claims 1-24: The communication system comprising the group designating message generating unit for generating a group designating message to designate some of the subscriber-side units as a component constituting a group of units which are to receive the point-to-multipoint message; and a state controlling unit for controlling, in response to a reception of the group designating message from the station-side unit, a status of the reception and the processing for the point-to-multipoint message in the point-to-multipoint message processing unit to a valid status..
